

# Marco Di Virgilio

Candidate for Recording Secretary, CUPE Local 4070 – WestJet Cabin Crew Members  
marcodivirgilioyz@gmail.com

## Proud CUPE Activist since May 2017

I am a 19-year, highly experienced veteran of aviation. I saw a problem and I became part of the solution. Our previous representation style was no longer working for us. I dedicated myself to our members and I took a leading role in making a major change to our representation. We are a growing company and we are competing with global airlines. We deserve a level playing field joining forces with Canada's largest union, the union representing the most Cabin Crew in Canada. There is strength in numbers. It is the same reason our Pilots joined forces with ALPA.

Along with my fellow activists, I've happily volunteered countless hours of personal time and energy towards our collective goal of certification. I've been available to meet members at airports, on layovers and more to answer questions and sign cards. I've kept you up to date on social media and in private communications. I continue to do that to this day. I've put myself out there so that you could be assured that your discretion and rights were protected. I've worked closely with CUPE and networked with people in key roles at CUPE and executives at other airline locals. Elect me as your **Recording Secretary** and I will continue to represent you, be accountable to you and help make your work life a better one. I strive for excellence and have the experience, knowledge, organizational skills, personal discipline and accountability to make me the right choice for our local's first **Recording Secretary**.

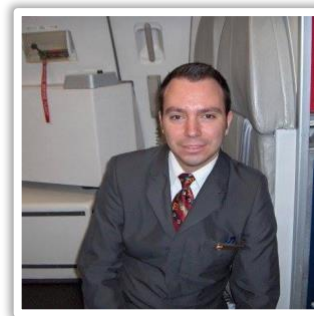

As you can see below, I've committed myself to a better tomorrow for all of us. I've worked hard for you and I look forward to continuing to serve you.
