

ALEX GRIGORIEV

Hi Everyone,

I am super excited to be nominated for the role of the trustee for our CUPE 4070 local.

The role of the trustee is one that works closely with members of the local's executive team to ensure that the public trust is maintained in the operation and most importantly, that the funds collected from the members of the collective are spent in accordance with the expectations of our CCM body as is enshrined by all the documents that form the backbone of our local, whether they be local's bylaws, CUPE's constitution or Canadian legislation.

I am extremely passionate about accountability and transparency. I believe the success of our local, and all the future achievements it can garner, can only thrive if such trust is maintained in the system that we have chosen to replace the last representation model. Without trust in the local's elected executive there can be no collective success for all of us, and the financial accountability is one of the most important aspects necessary to maintain that trust. I would be extremely honored to serve the CCM body in the role that instills confidence in our elected representatives and gives us faith for a better bargained collective future.

I have outmost respect for democratic values of our society as Canadians as well as Westjetters, and should you choose me as your trustee I would bring my passion and dedication to ensure that changes that await all of us in the future are executed with adherence to those democratic principles.

I am grateful for the opportunity to be amongst other extremely talented and qualified candidates vying for this role and have nothing but absolute optimism about our future as CCMs here at Westjet.

Thank you for your consideration and participation in this electoral process.

EDUCATION

UBC – Political Science, B.a
McGill – Finance & Economics,
B.com

LEADERSHIP

Senator, McGill University
VP Finance & Operations, McGill
Management Undergraduate Society
